

A hand-drawn schematic diagram of a device, labeled 10. The device has a rectangular main body. At the top center is a rectangular component labeled 58. To its right is a series of three rectangular components labeled 94, with a bracket 18 spanning them. On the right side of the device, there are four circular components labeled 107 and a vertical rectangular component labeled 108. At the bottom center is a horizontal rectangular component labeled 98. On the left side, there are two circular components labeled 107. A large rectangular area in the center is labeled 24, with a tilde symbol ~ below it, and the number 110 is written below the tilde. An arrow labeled 106 points to the top-left corner of the device. An arrow labeled 112 points to the bottom-right corner of the device. The entire diagram is enclosed in a rectangular border.
